

Roller chain 06B-1 CF Straight side plates, Stainless steel - JWIS

Part no.: 40008144 Packaging Unit: 5,02m

Brand: JWIS

Model: CF Straight side plates Surface: Stainless steel

Produktbild folgt in Kürze

Technical data

| ROLLER CHAIN | 06B |
|---|-------|
| Pitch p (mm) | 9,525 |
| Width between inner plates b1 min. (mm) | 5,72 |
| Roller diameter d1 max. (mm) | 6,35 |

www.iwis.com

Product data

| Pin diameter d2 max. (mm) | 3,28 |
|---|------|
| Outer link key groove a max. (mm) | 16,8 |
| Height inner plate h2 max. (mm) (JWIS: g) | 8,2 |
| Min. tensile strength ISO/DIN FU (kN) | 6,4 |

Product Information

The new stainless steel CF chains, made of austenitic stainless steel, are extremely reliable, fatigue- and corrosion-resistant, so they are ideal for use in applications involving food and other contamination-sensitive products. Top iwis quality with an outstanding price-performance ratio. Applications in aggressive environments, in environments involving the application of water or steam and strict cleaning regulations, in environments with extreme high temperatures.

Highlights:

- All plates have a higher proportion of smooth cut edges, assuring improved fatigue resistance, greater endurance and reduced elongation, which in turn mean longer service life and more stability
- · All rollers are seamless, guaranteeing smooth running and extreme impact resistance at higher speeds
- Seamless bushes reduce initial wear elongation and guarantee a significantly higher positioning precision than
 conventional stainless steel roller chains in operation. This is a major advantage in filling, conveying and packaging
 applications.
- · Restricted length tolerances for even more accurate positioning
- Temperature range: -80 °C to +150 °C
- Various special lubricants available e.g. for high temperatures (up to max. 400 °C), low temperatures or food-grade lubricant with H1 approval
- · Conveyor chains with customer-specific attachments can be configured and realised at short notice
- · Load-elongation diagrams can be created

Applications

- Food processing industry
- Packaging industry
- · Solar and energy technology
