CORESHOP.PRODUCT.TYPE.SCHARNIERBANDKETTE	1701
coreshop.product.type.pin-diameter	7,91
coreshop.product.type.weight-per-meter	1,50
coreshop.product.type.chain-material	POM

coreshop.product.type.pin-material	Edelstahl
coreshop.product.type.back-flex-radius	50
coreshop.product.type.width-I	52,4
coreshop.product.type.min-curve-radius	150

coreshop.product.description.headline

Highlights:

- Multiflexketten der Serie 1701 ermöglichen kleinstmögliche Umlenkungen in den Kurven
- Der Einsatz von Umlenktellern verringert den Verschleiß in den Kurven und reduzieren die Kettenbelastung im Fördersystem

coreshop.product.applications.headline

- Zuführ- und Automatisierungstechnik
- Lebensmittelindustrie
- Automobilindustrie
